

To whom it may concern,
Air 1 has served me directly in my local community for over 3 years and I have benefited greatly from their services. If Air 1 were to be displaced by an LPFM broadcaster, myself and my community would be effected negatively. Air 1 provides positive, encouraging music that makes people happier -- especially while driving! It is important to have this type of programing available on our radios. Please do not replace this station with an LPFM broadcaster.

Thank you,
